

Learner survey 2016

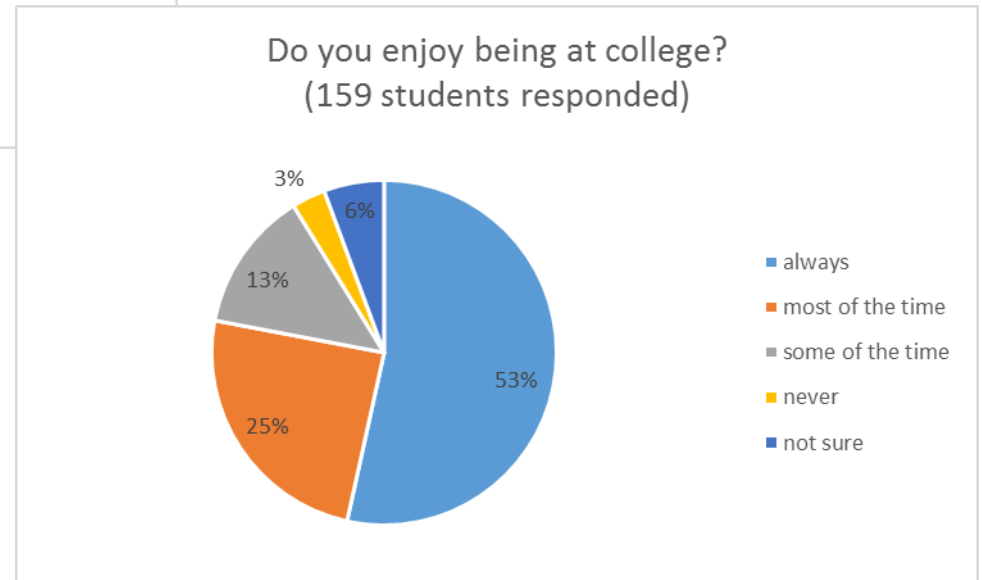

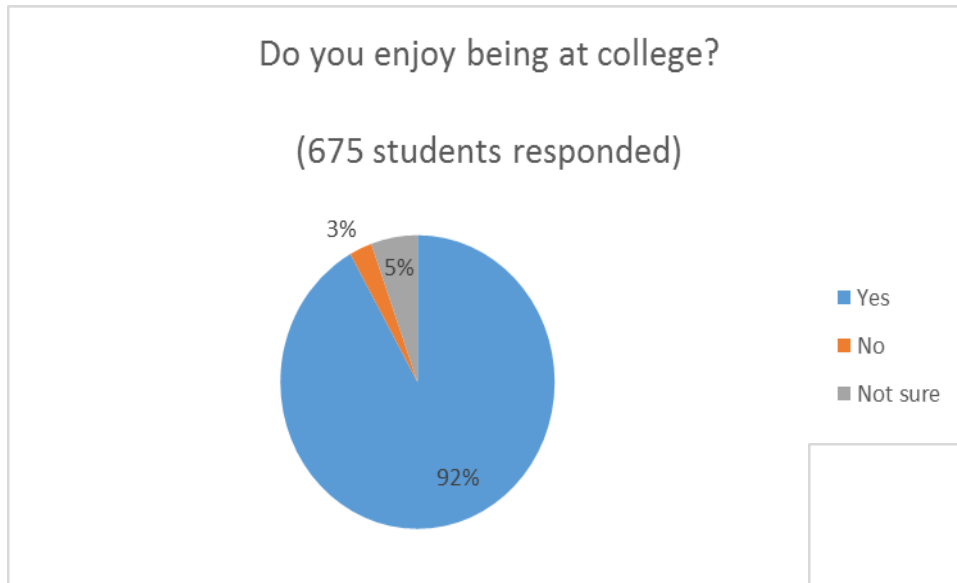

Analysis of responses

Introduction

- Colleges administered the survey using either a 3 point scale (yes, no, not sure) or a 5 point scale (always, most of the time, sometimes, never, not sure)
- Colleges used different methods of collection, depending on what works best for their students and ensuring the type and level of support they would normally require to access the curriculum
- Data was collected from 234 students using the 5 point scale and 710 students using the 3 point scale

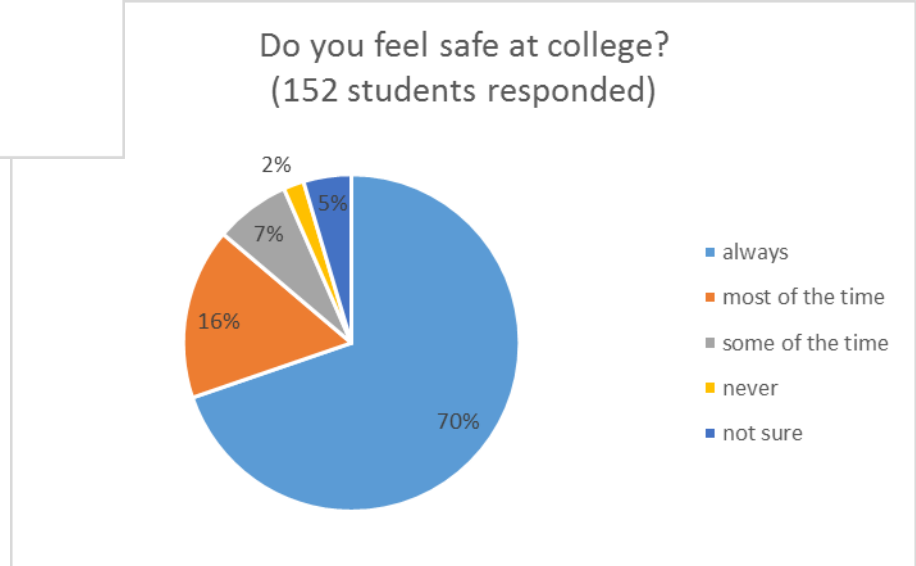

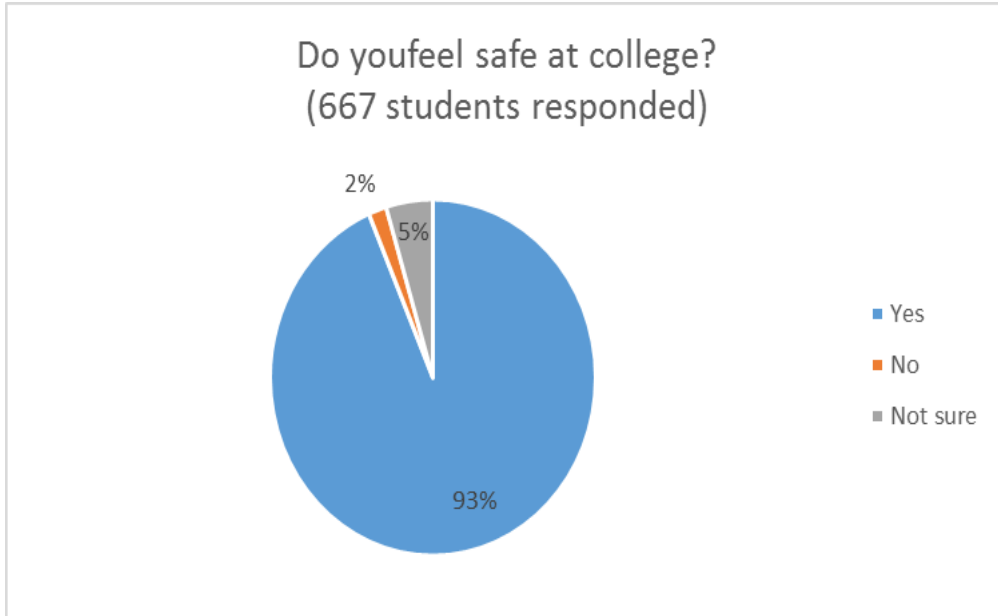

Question 1

Do you enjoy being at college?

Question 2

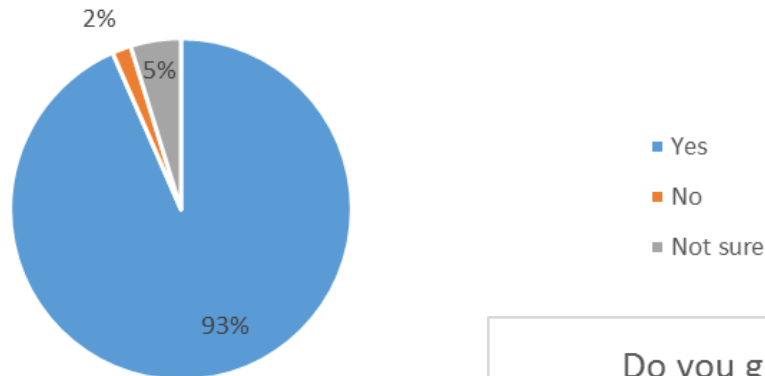

Do you feel safe at college?
